Aajahne Seeney
Student, Delaware State University

Daniel Crisostomo
Student, University of North Carolina at Charlotte

Renee Restivo
Student, Northwestern Connecticut Community College

Zaire McMican
Student, University of North Carolina Greensboro

Moderator

Camille Lew
Senior Education Strategist, Intentional Futures

The Every Learner Network

Every Learner Everywhere is a network of twelve partner organizations that advocates for equitable outcomes in U.S. higher education through advances in digital learning.

Student Fellows
Incorporating student voice into the Network

The Fellows are working directly with one of four identified network partners on team projects that align to their major or professional interests. Fellows will also serve as co-designers of the program to shape their experience and the experience for future Fellows.

The goals of the program include:

- Provide racially minoritized, poverty-affected, and first-generation students with the opportunity to expand their network and complete a meaningful digital learning project in a professional sector the students are interested in

- Learn more about students' experience with courseware and digital learning

To learn more about the Every Learner Fellowship, please go to www.everylearnereverywhere.org/student-fellowship
